Innovative belt solutions for every industry & application

Rycon Adhesive PTFE (Teflon) Tapes

Rycon Self-Adhesive PTFE tapes are widely used throughout industry for a variety of applications including:

- Poly Bag Manufacturing
- Work Surface coverings
- Heat Sealing and Bagging
- Non stick roller coverings
- Any areas needing heat resistance or product release

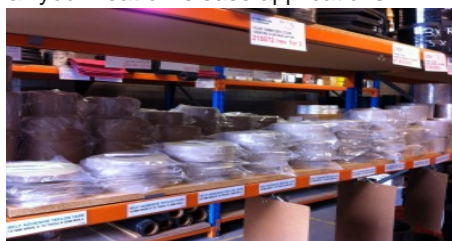

All Rycon PTFE tapes are manufactured by coating one side of our high quality teflon fabric with pressure sensitive silicone adhesive. These products are designed to withstand operational environments of up to 260 deg C (500 F), and they can be used in direct contact with food. Our tapes come supplied with a convenient yellow release liner for easy installation.

We offer the following sizes....ex stock, for immediate delivery,

5 thou	and 10 thou thicknesses	15mm wide x 30 mtr roll
(0.12mm)	(0.25mm)	18mm wide x 30 mtr roll
