TUFFY PULLDOWN BELTS

Introducing our range of belts for vertical form sealing and bag sealing machines.

Kawashima

Rovema

Robag

Hayssen

Our Tuffy Pulldown belts are manufactured to your size requirements and from the finest quality materials, the construction is consistent and ensures long service life and high adhesion for your wrapping medium.

Whether you are bagging chips, confectionary, nuts or any other type on unit goods, our belts are specified as true replacements to suit most machines and at a competitive price.

These are available with a variety of surface materials and finishes, groove patterns and perforated for vacuum applications.

Main Advantages

- **Uniform and consistent thickness**
- **Hard wearing elastomer covers**
 - **Non Marking surface**
- **Truly endless or joined construction**
- **Some standard types available ex stock**
- **Grooves or perforated to your specification**
- **Easily tracked and positive driven toothed variations.**
